The Czech Republic is a nation state in Central Europe. The Czech Republic covers area of 78 866 square kilometres with most temperate continental climate with warm summers and chilly winters. It is a country that's known for its ornate castles, native beers, Czech glass and long history.

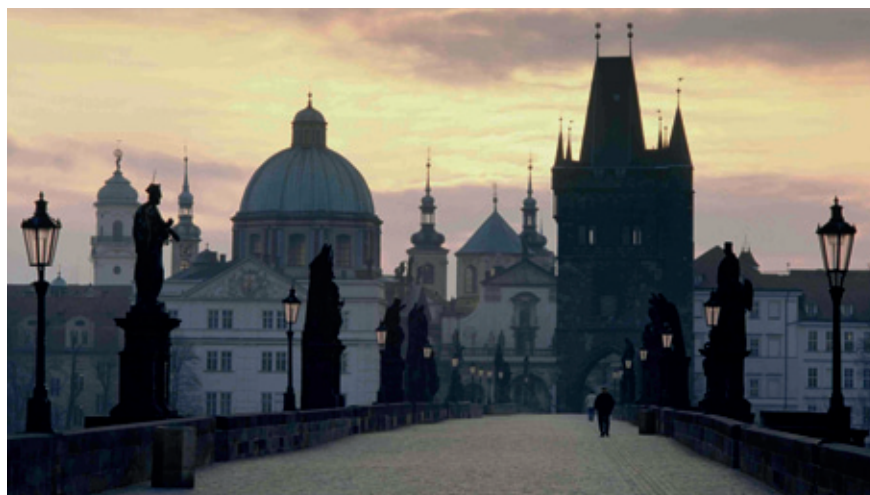

The history of the Czech Republic, in ancient times called Bohemia is fascinating. During the times of famous emperor Charles IV, Bohemia was cultural centre of Europe. In 20th century Bohemia joined with Slovakia to form Czechoslovakia. After it became independent in 1992, the Czech Republic continued to serve as a bridge between Western and Eastern Europe.

It has 10.5 million inhabitants, it is a developed country with an advanced, high income economy and high living standards. The Czech Republic joined the European Union in 2004; it is a member of the United Nations, the OECD, the OSCE, and the Council of Europe. The Czech Republic also ranks as the 6th most peaceful country, while achieving strong performance in democratic governance. It has the lowest unemployment rate in the European Union.

The capital and largest city is Prague with over 1.2 million residents. It is a home to grand 9th-century Prague Castle, a preserved medieval old town and statue-lined Charles Bridge. It is the centre of political, economic and cultural activity in Czech Republic. It is situated in the north-west of the country on the river Vltava. Prague is not a huge distance from other central European cities. Vienna is 300 km away, Bratislava 320 km, Berlin 350 km, Budapest 550 km, Warsaw 630 km and Copenhagen 750 km...

TIME ZONE: Czech Republic is in the Central European Time Zone. Central European Standard Time (CET) is 1 hour ahead of Greenwich Mean Time (GMT+1). Like most states in Europe, Summer (Daylight-Saving) Time is observed in Czech Republic, where the time is shifted forward by 1 hour; 2 hours ahead of Greenwich Mean Time (GMT+2). After the summer months the time in Czech Republic is shifted back by 1 hour to Central European Time (CET) or (GMT+1).

LANGUAGE: The only official language in the Czech Republic is Czech, which is spoken by 96 % of the population. However, have no fear, you can make yourself understood in English relatively easily.

MONEY: The currency used in the Czech Republic is the Czech crown which has the international abbreviation CZK.

HEALTHCARE: Private and state healthcare facilities operate in the Czech Republic. Health insurance should be concluded by everyone; however, some rules apply to those citizens who come from the European Union countries, Switzerland, Norway, Iceland and Lichtenstein, and different rules to citizens from the other countries. Whereas the citizens from the first group can receive medical care upon submitting the European Health Insurance Card (EHIC), the others have to arrange the travel insurance.
